

Report of the Board of Review

The Niagara District Board of Review was tasked with making decisions in two cases recently. Without revealing personal information, one case involved a swimmer, while the other involved a team-level dispute. I would like to thank the board members for their wisdom and insight in making these decisions. After hearing all of the facts and discussions between the parties involved, the board members convened as a separate group to discuss each case and render a decision. In both cases, it required the board members to put in several hours, generally lasting until midnight or later, to make a decision.

As of September 1st, we have two new members of the board: Welcome to Tim Sullivan and Dave Finger; and two departing members who leave with many thanks for their efforts: Frances Klier and Dave Muratore.
