Members Present: Doug Heyden Jr (AG Chair), Nicholas Weiner, Addison Kirchberger, Marci Callan, Kaziah Searles, Cindy Jarvis

Discussion:

1. Review discussions from Executive Committee Meeting from 9/7
 - Broke into two groups: culture of board, retention of 12-14 athletes. Camps/clinics, reimbursement to help with retention
2. Mid-December Camp/Clinic at RIT. Groups to target for Camp/Clinic
 - Historically: 10 and Under swimmers, focused on IMR scores in LSC. Take 25 per gender
 - Done two 10 and under camps in past, thinking towards 13-14. Looking towards the bottom of IMR/IMX scores. Swimmers that do not get invited typically in LSC
 - Coaches recommendations for hard working swimmers that have potential, good behavior
 - Bottom of IMR/IMX scores typically less likely to stay in sport, clinic hopefully to increase participation within sport
 - Hosted coaches event/clinic along with camp last year
 - Marci working with Phil at RIT to find a date
3. Talk with Tech Planning for 25-26 Calendar
 - Find ways to make the calendar breathe
